Jeweler and Optician, Market and Twelfth streets.

All Sent to Jail.
Ben Frazier, Claude Devinney and Charles Murray were arraigned before Squire Phillips yesterday on the charge of stealing a watch from a man named Dean, as chronicled yesterday. They were fined \$10 and costs each and sent to jail for ten days.

A Steer's Cold Ride.
A steer jumped off the Benwood ferry Monday evening, but a rope was procured and a noose thrown over its head and the steer brought over the river as fast as the ferry came. The floating ice winded it some, but it was not much the worse for the cold swim.

Arrived from Wales.
John Rowlands, a brother of David Rowlands, who was killed in the Colliery coal mine explosion recently, arrived yesterday from Wales to settle up his dead brother's estate. R. T. Howell, of Bridgeport, has been appointed administrator and Hon. J. C. Heinlein attorney.

Arrests by the Police.
Solomon Holden was run in by Officer Devinney last night on a charge of disorderly conduct. A colored woman named Virginia Robinson was arrested by Officer Ingram on charges of disorderly conduct and carrying a concealed weapon, a razor. A colored vagrant was put in by Officer Magee.

Birds of Gay Plumage.
Yesterday a box of fine specimens of several of the birds of brilliant plumage that are a feature of Florida, was received by friends of the Stutler party now cruising in the "Yankee Doodle" on Indian river. The specimens, which are stuffed, were greatly admired when placed on exhibition in the McClure lobby.

The New Tin Plate Plant.
The work of converting the new portion of the Standard at the lower mills into a tin plate works is being pushed forward as vigorously as possible. About seventy-five men are engaged at the job. There were about three men for every job on Monday morning, and among these were many skilled workmen, all anxious to work at laborers wages.

Chamberlain-Moore.
The marriage of Miss Maggie Moore to Mr. Clarence Chamberlain was celebrated yesterday at 9:15 a. m. at the residence of the bride's parents, Mr. and Mrs. C. S. Moore, on Tenth street, Martin's Ferry, Rev. S. J. Bogle, pastor of the Presbyterian church, officiating. They left on the 10:12 train on the Wheeling & Lake Erie on their bridal tour. Both have a large circle of friends, all of whom extend their best wishes. Mr. Chamberlain is a passenger conductor on the Terminal railway.

A Fire at Benwood.
Yesterday forenoon a fire broke out in the house of Miles Barrett, at Benwood, the exact origin of which has not yet been fixed. The flames spread rapidly in the two-story frame building, and as there were several frame buildings near, it was feared a very disastrous fire might result. A telephone message for aid was sent to the mayor of Wheeling, and Chief Healy sent the Eighth ward engine down, but before it arrived the "bucket brigade" had the fire out. The loss will probably be \$1,200, as the house was entirely gutted.

STOLE BY THE WAGON LOAD.

A Man Robs a W. & L. E. Car of 600 Pounds of Coffee.

Yesterday morning complaint reached the police that a W. & L. E. freight car lying in the Terminal Railway Company's yard had been broken into and a quantity of roasted coffee stolen. Inquiry showed that six boxes of Lion coffee, each containing 100 pounds, had been taken. Chief Bennett and Officer Babb went to work on the case, and finally found the coffee in Pete Habie's yard, in the Sixth ward. The man who left it there said his wagon was disabled and he wanted to unload until he could get another wagon.

Last evening Vincent Rafferty, who was employed at the city gas works, was arrested on a charge of stealing the coffee. He confessed his guilt, and declared that he had no accomplice. He was working at the gas works when taken into custody. It was found that he had entered the stable of Louis Hafer, the butcher, without asking permission, taken the horse and wagon, and hauled the coffee to the place where he dumped it off. The boxes weigh about 110 pounds each 660 in all, and the six were valued at \$125. They were shipped here from Toledo.

Rafferty acknowledged his guilt, and in default of bail was locked up. He will be arraigned before Squire Phillips to-day on a charge of grand larceny.

Poor Digestion
Leads to nervousness, fretfulness, peevishness, chronic dyspepsia and great misery. Hood's Sarsaparilla is the remedy. It tones the stomach, creates an appetite, and gives a relish to food. It makes pure blood and gives healthy action to all the organs of the body. Take Hood's for Hood's Sarsaparilla cures.

Hood's PILLS become the favorite cathartic with every one who tries them. 25c.

Don't forget Saturday, February 9, at the City Hospital, donation day, and the second engathering of the Sewing Guild. The public is invited.

THE WINTER WEATHER.

The Second Coldest Day of the Season Was Yesterday.

"OLD-FASHIONED WINTER" LASTS.

Everything is Frozen Up, But There Will Be Little Natural Ice in the Market Anyhow—The Zero Temperature Yesterday Bids Fair to Continue Over To-day.

Another well developed "cold wave" reached this part of the Ohio Valley yesterday. Many people, without looking at the thermometer, declared it was the coldest day of the winter, but it was not. The last cold spell the mercury got at least eight degrees lower than it did yesterday. The cold was more penetrating yesterday, however, because on the former occasion the air was still, while yesterday a very brisk breeze was blowing from the west. At Schnepf's drugstore the standard thermometer registered at hourly intervals as follows:

The river did not freeze up night before last, as was expected. The creeks and smaller streams, and the Back river, were frozen over, though, and the ice was very thick and very clear. Some ice was cut and stored. It is not likely, however, that the local crop of natural ice will enter into business very largely next season, and for a peculiar reason. The local ice handlers who have houses ready to receive the ice when cut, and all the machinery on hand to store it quickly and economically, find that there is nothing to store it in. There is absolutely no sawdust to be procured here. A Bridgeport firm which makes a specialty of handling natural ice sent down to Proctor, where the nearest sawmills are located, and brought up sawdust in barges, but this was found to be a very costly experiment. One ice merchant said yesterday that he saw only one way in which the abundant natural ice yield of this winter could be available, and that was by using straw as packing material, and this he did not consider as good as sawdust, and he was in doubt whether even enough straw could be obtained in time to make the local crop available.

It has been several years since so much ice has formed in this part of the Ohio Valley, but there are many old observers who say that the last few mild winters were the exception, and that this section of country is now enjoying its normal winter weather.

The Modern Invalid
Has tastes medicinally, in keeping with other luxuries. A remedy must be pleasantly acceptable in form, purely wholesome in composition, truly beneficial in effect and entirely free from every objectionable quality. If really ill he consults a physician; if constipated he uses the gentle family laxative, Syrup of Figs.

SATURDAY, February 9, will be observed at the City Hospital as Donation Day. The house will be open for inspection, the donation committee will be present to take charge of all donations, and the Sewing Guild will hold its second engathering. The public is invited.

Special Notice.
In view of numerous inquiries and encouragements I have received since in Wheeling, I have concluded to purchase the entire stock of Wall Paper of The Lewis Voigt & Sons Co., Cincinnati, O., at 1011 Main street.

I shall make a specialty of a high grade of work, and be pleased to make estimates or give any suggestions required.

Will also carry a line of cheap Wall Paper to suit all classes of trade.

Come and see some of the French and German Imported Papers.
ELMER H. BRIDENAN,
1011 Main Street.

MRS. EMILY THORNE, who resides at Toledo, Washington, says she has never been able to procure any medicine for rheumatism that relieves the pain so quickly and effectually as Chamberlain's Pain Balm, and that she has also used it for lame back, with great success.

SMITH Brewing Co.'s ale—"It's a Good Thing, push it along."

Notice.
I want every man and woman in the United States interested in the Opium and Whisky habits to have one of my books on these diseases. Address B. M. WOOLLEY, Atlanta, Ga., Box 359, and one will be sent you free.

"Does your father object to my suit?" Miss Jewel—No, indeed; he said he thought it was much better than you could really afford. —*Inter Ocean.*
